

REMARKS

The pending claims (renumbered 1, 2 by Examiner's Amendment as indicated on the Notice of Allowability dated 2-7-2007) have not been changed.

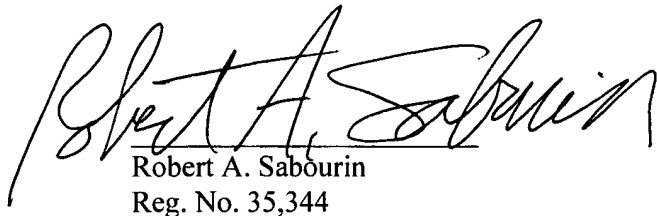

The only amendment submitted was the addition of a brief description of Figure 9 in the specification. This amendment was required by the Office as noted on the attached Notice of Drawing Inconsistency With Specification.

No new subject matter has been added to the application.

No fees are believed to be due with this response. However, if the Office determines that any fees are due, this is a general authorization to charge those fees to deposit account no. 13-3377.

In view of the foregoing remarks and amendments, it is respectfully submitted that the application is now in condition for allowance. The Office is respectfully requested to reconsider the application, withdraw the rejections and/or objections, and pass the application to issue.

Respectfully submitted,

Robert A. Sabourin
